

*Restoring forests and landscapes to secure
Australia's future*

2025 Conference

Mike Bleby OAM
BSc For (ANU) FIFA JP

Silvicultural strategies

Lessons from past practice

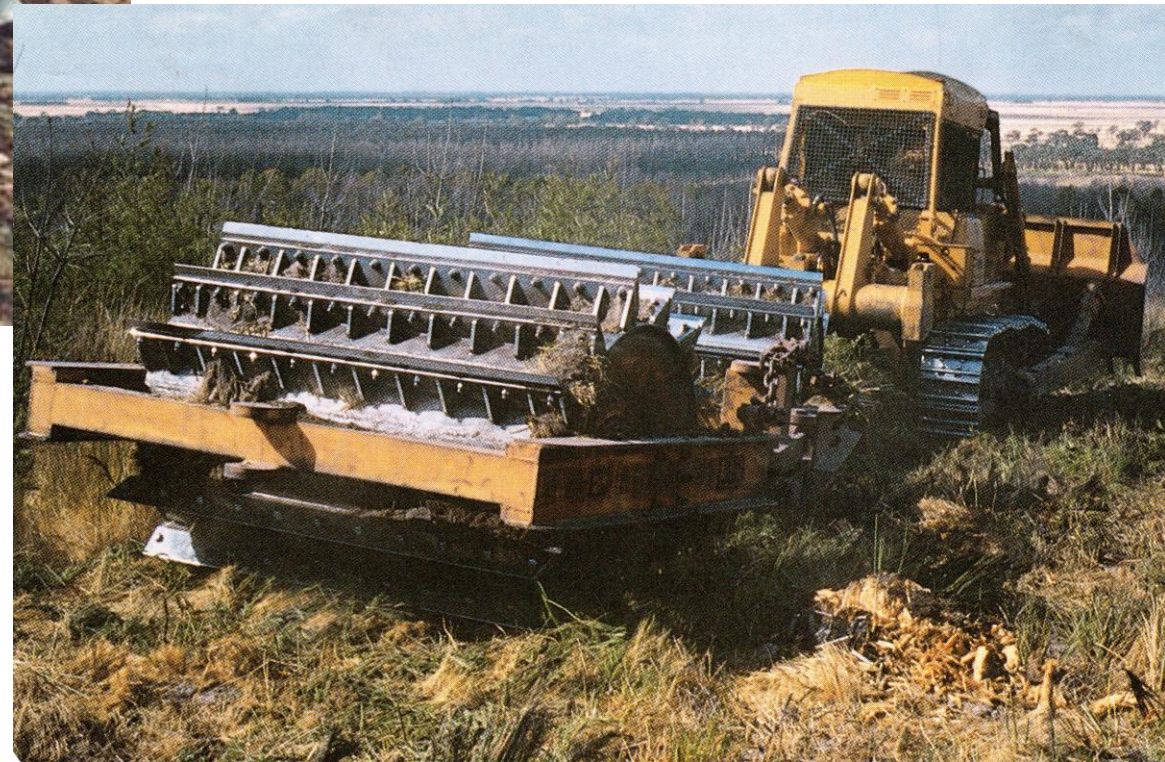

Moisture conservation

- Competing growth control
- Retaining organic matter
- Adequate nutrition
- Improved genetics

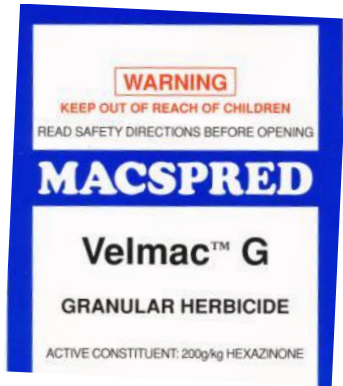

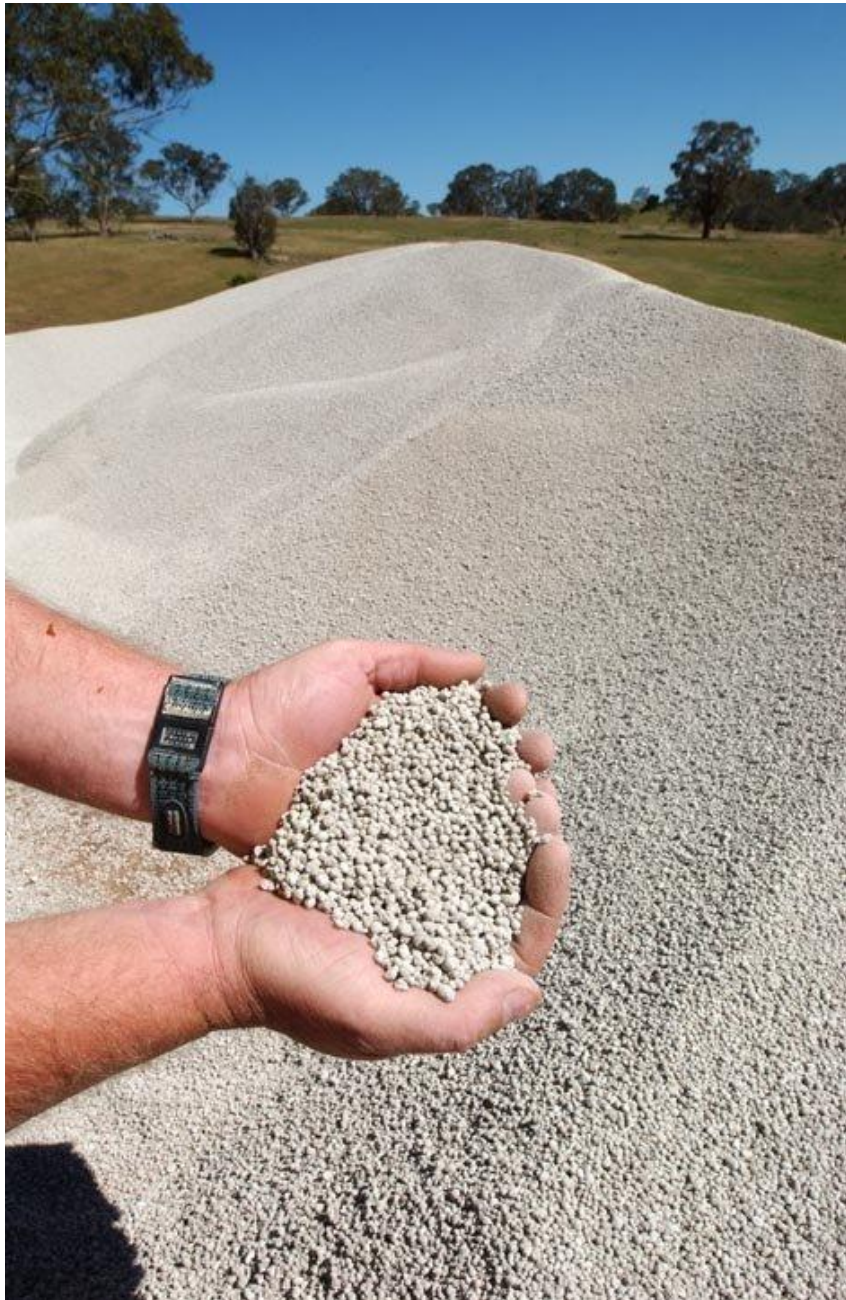

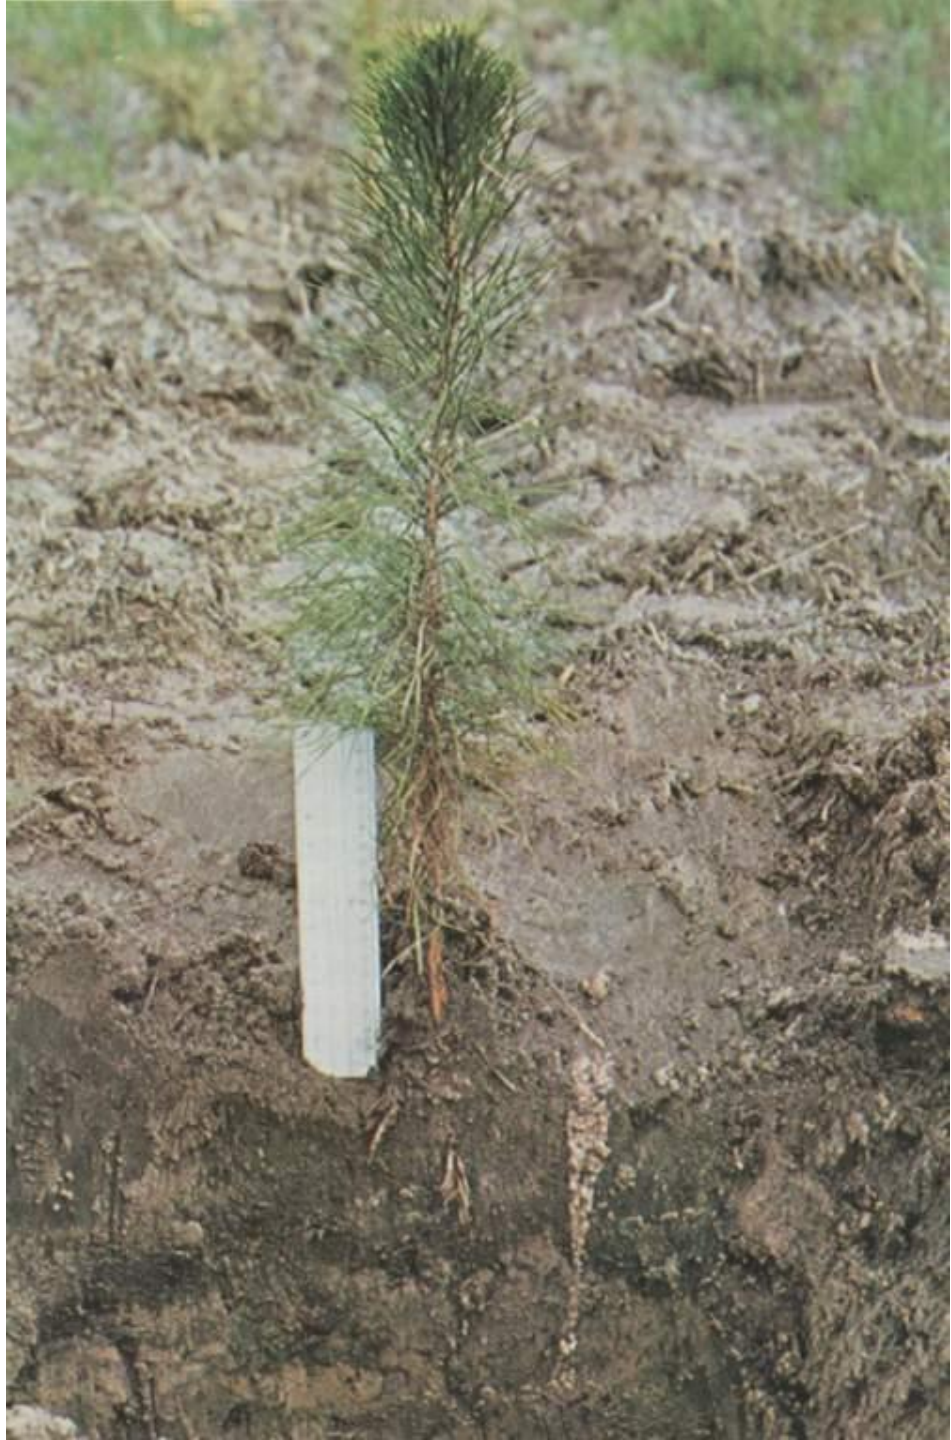

Ash Wednesday

16th Feb 1983

Potential effects of climate change on forests and forestry:
summary for Green Triangle

August 2011

www.csiro.au

**Climate change and South Australia's plantations:
impacts, risks and options for adaptation**

Libby Pinkard, Jody Bruce
June 2011

Lessons from the past

Lessons from the past

Get going with the best ideas-refine over time

Lessons from the past

Get going with the best ideas-refine over time
Concurrent operations & research partnerships
